EVERYONE REMEMBERS THAT ONE SPECIAL TEACHER...

# CONGRESSMAN CAL DOOLEY IS FIGHTING FOR 100,000 NEW TEACHERS TO GIVE OUR CHILDREN THE ATTENTION THEY DESERVE

The best way to help our children succeed in the challenging world of tomorrow is to insist that our schools are making the grade today. That's why Congressman Cal Dooley is fighting for sensible legislation to lower class sizes, while increasing accountability of our schools and raising expectations for our kids.

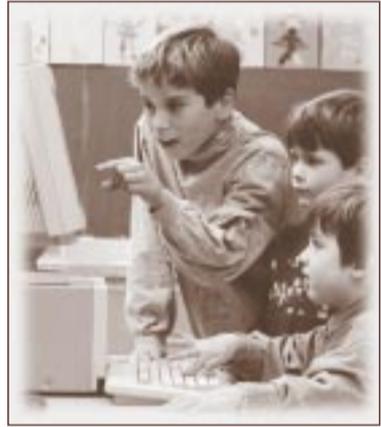

To improve our schools, Congressman Cal Dooley has introduced a pioneering new "Three Rs" plan [H.R. 4518] to promote Reinvestment, Reinvention and Responsibility in Public Education:

## REINVESTING IN OUR SCHOOLS:

### TEACHERS AND TECHNOLOGY

Congressman Dooley's "Three Rs" plan includes \$35 billion over five years in new federal funding for America's schools so we can:

- Hire 100,000 new teachers so every child can get individual attention.
- Connect every classroom to the Internet and provide our schools with the technology to prepare our kids for tomorrow's high-tech opportunities.

## REINVENTING OUR SCHOOLS:

### CLOSING THE ACHIEVEMENT GAP AND PROMOTING PUBLIC SCHOOL CHOICE

In the Central Valley and in towns across America, our school systems are only as strong as their weakest links. That's why Cal Dooley's "Three Rs" plan focuses on:

- Increasing Title I funding for disadvantaged students by over 50% and requiring that states set aside 2.5% of funding to help local districts turn around underperforming schools.
- Doubling funding for charter schools to give parents more choices. Dooley's plan will hold these schools accountable to the same high standards as all public schools.

## RESPONSIBILITY IN OUR SCHOOLS:

### RESULTS WE CAN MEASURE

Congressman Dooley's "Three Rs" plan recognizes that it's time to stop protecting a system and start demanding results — from students, parents and schools themselves. That's why his plan calls for:

- Higher standards for students and teachers, including statewide performance goals in reading, math and English proficiency.
- Real accountability for schools and school districts, including annual report cards to give parents reliable information, funding rewards for high-performing districts and consequences for schools that fail to improve.
